3rd Floor

A detailed architectural floor plan of a lower level. The plan is divided into several functional areas. At the top is a large rectangular area labeled "CRAWL SPACE" containing two square symbols. Below this is a central area labeled "STORAGE" which contains an "AIR HANDLER" unit, a "BOILER" unit, and a vertical row of four square symbols. To the right of the storage area is a staircase with an arrow pointing upwards. To the left of the storage area is another staircase with an arrow pointing downwards. The entire plan is enclosed within a thick border representing the foundation or exterior walls. Various lines and symbols indicate structural elements, doors, and utility connections.
